

April 13, 1915.

Mr. R. E. Taft,
Leadville, Colorado.

My dear Mr. Taft:

I have received your letter of April 6th, suggesting that some prominent peak in one of our National Parks be named for Dr. Gannett, and have to advise that your suggestion will be laid before the U. S. Geographic Board at its next meeting.

Very truly yours,

Acting Secretary and Chairman
Executive Committee, U. S.
Geographic Board.
